AUDI TT (8J) DOUBLE DIN CAR STEREO FASCIA PANEL ADAPTOR

Fascia adaptor is used to fill no din-sized space left when you remove the factory fitted car stereo. This fascia can be double din size and come ready for the fitting of an aftermarket head unit. What's more, with this fascia panel, you don't have to order extra din cage when you install a standard double din size car DVD player

When you buy the fascia you are sure that you car is one of the following models: AUDI TT (8J) 2006 Onwards.
