Specifications

AppRadio Mode + AppRadio Mode + opens up in-car entertainment to a wonderful world of apps to enjoy using iPhone and Android smartphones (Not all Android devices are compatible), utilising a single USB cable connection method.

Bluetooth® Obey local driving laws with built-in Bluetooth (HFP). Wide Band Speech hands-free calling, wireless audio streaming (A2DP) with artist, album, and song search, simple pairing, and control audio (AVRCP), Bluetooth® wireless technology has made life in the vehicle safer and more convenient.

7" Clear Type Resistive Motorised Touchscreen Pioneer Clear Type Resistive display panels are designed for beautiful crisp and detailed reproduction with enhanced visibility.

Made for iPod / iPhone Directly control your iPod / iPhone, for charging, music and video via an optional interface cable (sold separately), depending on your iOS device. Song, artist, time and album information are beautifully displayed on the touchscreen.

USB Input Plug in, charge and connect your USB connected device, to enjoy music. (no video playback)

Camera InputKeep an eye on your backside to keep your family safe and manoeuvre more easily in tight spaces

With Spotify, just connect your smartphone to comfortably browse your favourite playlists, albums, tracks and artists using your headunit controls.

MIXTRAX

MIXTRAXMIXTRAX keeps the party going with a non-stop mix of your music library complete with a range of DJ-inspired effects and club-style illumination.

FLACEnjoy FLAC lossless digital audio files in your vehicle with playback output at CD quality, without the need to convert.

13-band Graphical EQAdjust your audio output in detail for a music experience tailored to your preferences.

Multi colour illuminationMatch the display and key illumination to your vehicle's interior lighting with a range of endless colour combinations.
