The new generation Universal comes with innovations and new features, including a new inverted aluminum/magnesium tweeter for even more detailed treble reproduction. A new chassis has also been designed for optimal integration and a more elegant design. All this is with just one objective: to offer easy-fit products that maintain excellent sound. On this coaxial model, the aluminum/magnesium tweeter has a 2-position +3 dB adjuster (Flat/High) for treble boost. This adjustment comes into its own when the speaker is placed low in the door. Shallow fitting: 49 mm.

Advantages:

- High sensitivity
- Shallow mounting depth (49 mm)
- Great improvement from original car speakers
- Dynamics and neutrality

Specifications:

- Accessories: Supplied without grille
- Voice coil diameter: 1" (25mm)
- Crossover: (integrated): 6dB/oct
- Max power: 80W
- Nominal power: 40W rms
- Sensitivity: 90.3 dB
- Frequency response: 100Hz-21kHz
- Tweeter: Al/Mg inverted dome
- Woofer 4" (100mm)
